

## TECHNICAL DATA SHEET

### FL255 TRAFFIC LANE CLEANER

**DESCRIPTION:** **TRAFFIC LANE CLEANER** is a specially formulated carpet pre-spotter and cleaner that cleans quickly and dries fast. The three-way combination of detergent, mild alkali, and water-soluble solvent dissolves grease, oil, tar, and lipstick. It removes dirt and soil and cleans up food spillage. **TRAFFIC LANE CLEANER** is ideal for use in hospitals, convalescent homes, hotels, restaurants, and other high traffic areas.

**BENEFITS and FEATURES:**

- Fast cleaning and drying
- Blended solvents. Dissolves many different types of oil soils.
- Water based. Cleans many food soils and removes many water and oil-based inks.

**DIRECTIONS FOR USE: TRAFFIC LANE CLEANER:** Mix 1 part of the product with 10 parts water and use in a sprayer. Spray evenly on heavily soiled areas. Then proceed with regular cleaning procedures - soil extraction or shampooing.

**BOOSTER:** Add one cup (8 oz.) of product to one gallon of soil extractor cleaner or carpet shampoo. Then proceed with normal cleaning method.

**SPOT REMOVER:** Mix 1 part of the product with 5 parts water and use in a sprayer. Apply a small amount of solution to the spot and scrub lightly with a spotting brush prior to cleaning with equipment.

**RED FOOD COLORING/JUICE STAIN REMOVER:** For removal of red food coloring, fruit juices, and other stains apply product using full concentrate. Apply carefully to prevent overuse on the surrounding unstained carpet. Place a wet towel on top of the stain. Use a household iron on a high setting and place on the towel for 15 to 30 seconds. Remove the iron and inspect the towel for transfer of the stain. Repeat the process for maximum removal of the stain using a clean section of the towel for each application. Extract the area after use.

**CARPET BONNET CLEANER:**

LIGHT DUTY: ½ cup per gallon of water.

MEDIUM DUTY: 1 cup per gallon of water.

HEAVY DUTY: 2 cups per gallon of water.

Mix the solution in a bucket according to soil condition. Soak a cotton spin pad in the solution and wring out very dry. Place the pad under a drive block or brush and scrub the carpet. When the pad is dirty, turn over and scrub with the other side. When dirty, soak again in the solution, wring out and repeat scrubbing. When the solution is dirty, prepare a new solution.

Use on nylon, acrylic, polypropylene, and polyester carpet fibers. Excellent for use on most upholstery. Always test in an inconspicuous area for colorfastness.

**SPECIFICATIONS:**

Color .....	Clear Liquid
Fragrance.....	Lemon
pH .....	12 - 13
Specific Gravity.....	1.042 – 1.062
Hard Water Compatibility .....	Yes
Grease Cutting Ability.....	Very Good
Volatile Organic Compound (VOC) Carb VOC.....	None
