

## TECHNICAL DATA SHEET

### FL305 FRESCO WSD

**DESCRIPTION:** **FRESCO WSD** is an all-purpose deodorant for use in hotels, hospitals, convalescent hospitals, fire departments, incinerators, trucks, dairies, schools, and motels. **FRESCO WSD** has been formulated with both masking agents and odor counteractants to completely destroy most malodors.

**USES: Additive for Cleaning Solutions:** Add 1 to 2 ounces to any cleaning solution to leave the area smelling fresh and clean. **WSD** can also be added to carpet extractors, make up tanks and other types of carpet cleaning equipment to leave a nice scent after cleaning.

**Housekeeping departments:** In routine cleaning, a small amount of **FRESCO WSD** sprayed on rugs and draperies will remove odors and leave rooms pleasantly scented. After cleaning floors, add 1 to 2 ounces of **FRESCO WSD** to the rinse water to remove undesirable odors.

**General deodorizing:** Spray this fragrant solution into the atmosphere to remove obnoxious odors such as smoke, cooking odors, refuse odors and body odors to keep your premises pleasantly scented.

**Trash and garbage storage areas:** Use **FRESCO WSD** undiluted to neutralize foul odors. Spray dump areas, receptacles and cans as required to control odors.

**Kitchen:** Spray garbage receptacles periodically with **FRESCO WSD** to eliminate foul odors. Cupboards, closets, refrigerators and storage lockers can be given periodic spraying to keep them pleasantly scented. After spraying **WSD**, surfaces which come into contact with food should be thoroughly rinsed with potable water.

**Bathrooms:** After routine cleaning of fixtures, spray **FRESCO WSD** on toilet bowl seat, lavatory, tub or shower stall.

**Other uses:** Closets containing stored clothing, linens, towels, and draperies can be sprayed with **FRESCO WSD** to keep contents pleasantly scented. Thoroughly clean the object or area and then use undiluted **FRESCO WSD** to wipe over the surface, or cover it with a spray mist. This will give sickrooms, bathrooms, washrooms and dressing rooms a refreshing, clean odor that lingers for hours.

#### SPECIFICATIONS:

Color.....	Clear yellow
Fragrance .....	Floral
pH.....	7.0
Specific Gravity .....	0.992 ± 0.005
Stability .....	Excellent
Shelf Life .....	2 years in closed container
Hard Water Tolerance .....	Very Good
Solubility in Water .....	Complete
Toxicity.....	None
Volatile Organic Compounds (VOC).....	40 grams/Liter
