

TECHNICAL DATA SHEET

FL3825 PINK WASH & WAX

DESCRIPTION: **PINK WASH & WAX** is a viscous liquid concentrated detergent, which, produces rich, stable foam, gives spray-wax protection, and adds luster to the automobile finishes. This product can be used as a car wash and wax in one application. Use with automatic foaming equipment, automatic brushes, and in automatic car washes.

BENEFITS and FEATURES:

- Car wash and wax
- Long lasting suds
- Excellent cleaning
- Quick dispersibility

DIRECTIONS FOR USE:

For automatic foaming equipment and brushes: **PINK WASH & WAX** is usually metered into the foamer or automatic brushes with a proportioner. The proportioner should be set to meter the shampoo concentrate into the foamer or brushes at the rate of ½ to 2 ounces per gallon of water, depending upon the system and the condition of the water.

For automatic car washes: **PINK WASH & WAX** is recommended to be dispensed by a siphoning system. The system siphons the product from the drum and is dispensed at a proper concentration in the wash trough. The normal concentration of **PINK WASH & WAX** is 1 part to approximately 20 parts water (1:20). This concentration varies depending upon the hardness of the water in the area.

SPECIFICATIONS:

Color	Hazy Pink
Odor	Mild
pH	8 - 9
Specific Gravity	1.030 – 1.050
Viscosity	400-600 cP
Hard Water Compatibility	Excellent
Phosphates	None
Grease Cutting Ability	Superior
Soil Penetration	Superior

Refer to the Safety Data Sheet (SDS) and product label for additional information including Hazard and Precautionary statements, first aid measures, and storage and handling.
