

# TECHNICAL DATA SHEET

## FL8700 APC CLEANER 8700

**DESCRIPTION:** **APC CLEANER 8700** is a free rinsing, low alkali, concentrated all-purpose synthetic liquid detergent. **APC CLEANER 8700** is a concentrated, chemically balanced detergent that first wets the soil by getting under and surrounding grime and dirt. Secondly, it penetrates dirt, grime, grease, and breaks them up into small particles. Thirdly, it emulsifies grease and oil. Finally, its soil suspending ingredients float away dirt and grime leaving a clean surface.

### BENEFITS and FEATURES:

- Totally Biodegradable
- Concentrated for economical use
- Leaves no film, scum or soap deposit
- Free rinsing
- Brings dirt and grime to the surface for easy removal
- Safe, contains no abrasives, harsh alkali, acids, or petroleum solvents
- Will not harm any surfaces not harmed by water
- Works in hot or cold, hard or soft water

**USES:** Resilient tile floors, non-resilient flooring, conductive floors, leather and plastic upholstery, wood furniture, painted surfaces, porcelain surfaces, glass, automobiles, truck aluminum, machinery, and as a liquid hand cleaner.

### DIRECTIONS FOR USE:

#### Tile Floors

Damp Mopping: Use 2 oz. (¼ cup) to 1 gallon water.
