## **LO-TEMP DISHMACHINE DETERGENT**

### ***DESCRIPTION:***

Lo-Temp is an economical liquid detergent for use in low temperature dish machines. This super strength ready to use detergent disperses immediately for instant action. The correct concentration is quickly and accurately attained. This non-foaming formula is automatically pumped into the machine for ease of use without the need for handling.

### ***DIRECTIONS FOR USE:***

This product is introduced into the wash water by a pump driven proportioner at the rate of 6 to 10 ml per cycle depending on type and amount of soil on dishes. Dishes, glasses and utensils should be scraped and pre-rinsed before being properly racked and put into the dish machine.

### ***STORAGE AND HANDLING:***

Keep out of reach of children. Store in a cool, dry place. Avoid eye contact. Refer to SDS for additional precautions or first aid measures. For institutional and commercial use only.
