

**SECTION 1: Identification of the substance/mixture and of the company/undertaking**

**1.1. Product identifier**

Product form : Mixture  
Product name : **Revive Plus**  
Product code : 11729

**1.2. Relevant identified uses of the substance or mixture and uses advised against**

Use of the substance/mixture : Carpet Cleaner

**1.3. Details of the supplier of the safety data sheet**

Chemco Products Company  
19402 Susana Rd.  
Rancho Dominguez, CA 90221 - USA  
T 800-266-2116 - F 310-631-7496  
<http://www.flo-kem.com>

**1.4. Emergency telephone number**

Emergency number : CHEMTEL: 800-255-3924

**SECTION 2: Hazards identification**

**2.1. Classification of the substance or mixture**

**GHS-US classification**

Eye Irrit. 2B H320  
Aquatic Acute 3 H402  
Full text of H- and EUH-statements: see section 16

**2.2. Label elements**

**GHS US labelling**

Signal word : Warning  
Hazard statements : Causes eye irritation.  
Harmful to aquatic life.  
Precautionary statements : Wash hands, forearms and face thoroughly after handling.  
Avoid release to the environment.  
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.  
If eye irritation persists: Get medical advice/attention.  
Dispose of contents/container in accordance with local, national, or federal regulations..

**2.3. Hazard not otherwise classified (HNOC)**

No additional information available.

**2.4. Unknown acute toxicity (GHS US)**

No data available

**SECTION 3: Composition/information on ingredients**

**3.1. Substances**

Not applicable.

(NOTE: If component displays the \* (asterisk) symbol, the following statement applies.)

\*Chemical name, CAS number and/or exact concentration have been withheld as a trade secret.

Full text of H- and EUH-statements: see section 16

**3.2. Mixtures**

This product does not contain any reportable "classified substances" or "hazardous chemicals" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

| Name                            | Product identifier     | %       | GHS-US classification                     |
|---------------------------------|------------------------|---------|---|
| Polymers                        | (CAS-No.) trade secret | 25 - 30 | Eye Irrit. 2B, H320                       |
| Disodium Laureth Sulfosuccinate | (CAS-No.) 68815-56-5   | 1 - 5   | Skin Irrit. 2, H315<br>Eye Irrit. 2, H319 |

(NOTE: If component displays the \* (asterisk) symbol, the following statement applies.)

\*Chemical name, CAS number and/or exact concentration have been withheld as a trade secret.

# Revive Plus

## Safety Data Sheet

### SECTION 4: First aid measures

#### 4.1. Description of first aid measures

|                                       |  |
|---------------------------------------|--|
| First-aid measures general            | : Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible).  |
| First-aid measures after inhalation   | : If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing. If you feel unwell, seek medical advice.                                   |
| First-aid measures after skin contact | : If skin irritation or rash occurs: Wash with plenty of water. Wash contaminated clothing before reuse. If skin irritation persists, get medical attention.                                 |
| First-aid measures after eye contact  | : IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. |
| First-aid measures after ingestion    | : Rinse mouth. Do NOT induce vomiting. Obtain emergency medical attention.   |

#### 4.2. Most important symptoms and effects, both acute and delayed

|                                     |   |
|-------------------------------------|---|
| Symptoms/effects                    | : Not expected to present a significant hazard under anticipated conditions of normal use. If you feel unwell, seek medical advice. |
| Symptoms/effects after skin contact | : Contact during a long period may cause light irritation.  |
| Symptoms/effects after eye contact  | : May cause slight irritation.  |
| Symptoms/effects after ingestion    | : No specific information available.  |

#### 4.3. Indication of any immediate medical attention and special treatment needed

.

### SECTION 5: Firefighting measures

#### 5.1. Extinguishing media

|                                |  |
|--------------------------------|--|
| Suitable extinguishing media   | : Extinguishing media for surrounding fires. Adapt extinguishing media to the environment. |
| Unsuitable extinguishing media | : No unsuitable extinguishing media known.   |

#### 5.2. Special hazards arising from the substance or mixture

No additional information available.

#### 5.3. Advice for firefighters

|                                |   |
|--------------------------------|---|
| Firefighting instructions      | : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire fighting water from entering the environment. |
| Protection during firefighting | : Do not enter fire area without proper protective equipment, including respiratory protection.   |
| Other information              | : No additional information available.  |

### SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

General measures : Isolate from fire, if possible, without unnecessary risk.

##### 6.1.1. For non-emergency personnel

|                      |   |
|----------------------|---|
| Protective equipment | : Protective gloves.<br>Safety glasses. |
| Emergency procedures | : Evacuate unnecessary personnel.       |

##### 6.1.2. For emergency responders

|                      |   |
|----------------------|---|
| Protective equipment | : Equip cleanup crew with appropriate safety equipment. |
| Emergency procedures | : Ventilate area.                                       |

#### 6.2. Environmental precautions

Prevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public waters.

#### 6.3. Methods and material for containment and cleaning up

|                         |  |
|-------------------------|--|
| For containment         | : Contain released product, collect/pump into suitable containers. Plug the leak, cut off the supply.  |
| Methods for cleaning up | : Soak up spills with inert solids, such as clay or diatomaceous earth as soon as possible. Collect spillage. Store away from other materials. Wash down leftovers with plenty of water. |

#### 6.4. Reference to other sections

See Section 8. Exposure controls and personal protection.

### SECTION 7: Handling and storage

#### 7.1. Precautions for safe handling

|                               |  |
|-------------------------------|--|
| Precautions for safe handling | : Do not get in eyes, on skin, or on clothing. Observe normal hygiene standards. |
|-------------------------------|--|

# Revive Plus

## Safety Data Sheet

Hygiene measures : Do not eat, drink or smoke when using this product. Wash contaminated clothing before reuse. Wash hands and forearms thoroughly after handling. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work.

### 7.2. Conditions for safe storage, including any incompatibilities

Storage area : Store in a cool, dry well-ventilated area. Keep container tightly closed when not in use.

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

No data available

### 8.2. Exposure controls

Personal protective equipment : Avoid all unnecessary exposure.

Hand protection : Wear protective gloves.

Eye protection : Chemical goggles or safety glasses.

Other information : Do not eat, drink or smoke during use.

Appropriate engineering controls : Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday.

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

Physical state : Liquid

Colour : Amber

Odour : Tropical

Odour threshold : No data available

pH : 10 - 11

Melting point : No data available

Freezing point : No data available

Boiling point : > 212 °F

Flash point : No data available

Relative evaporation rate (butylacetate=1) : No data available

Flammability (solid, gas) : No data available

Explosive limits : No data available

Vapour pressure : No data available

Vapor density : No data available

Specific Gravity @ 77° F : 1.0440 - 1.0640

Solubility : Miscible with water

Partition Coefficient n-Octanol-Water : No data available

Auto-ignition temperature : No data available

Decomposition temperature : No data available

Viscosity : No data available

### 9.2. Other information

VOC content : < 5 g/l CARB VOC

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

No additional information available.

### 10.2. Chemical stability

Stable under recommended conditions.

### 10.3. Possibility of hazardous reactions

Not established.

### 10.4. Conditions to avoid

Extremely high or low temperatures.

# Revive Plus

## Safety Data Sheet

### 10.5. Incompatible materials

None identified.

### 10.6. Hazardous decomposition products

Carbon monoxide. Carbon dioxide.

## SECTION 11: Toxicological information

### 11.1. Information on toxicological effects

Acute toxicity : Not classified

| Polymers (trade secret)                      |   |
|--|---|
| LD50 oral rat                                | Oral: ALD > 11000 mg/kg (rat)           |
| LC50 Inhalation - Rat                        | Inhalation: ALC > 1417 mg/L (rat) (4hr) |
| Disodium Laureth Sulfosuccinate (68815-56-5) |   |
| LD50 oral rat                                | > 2000 mg/kg bodyweight                 |
| LD50 dermal rabbit                           | > 2000 mg/kg bodyweight                 |

Skin corrosion/irritation : Not classified

pH: 10 - 11

Serious eye damage/irritation : Causes eye irritation.

pH: 10 - 11

Respiratory or skin sensitisation : Not classified

Germ cell mutagenicity : Not classified

Carcinogenicity : Not classified

Reproductive toxicity : Not classified

STOT-single exposure : Not classified

STOT-repeated exposure : Not classified

Aspiration hazard : Not classified

Potential adverse human health effects and symptoms : Based on available data, the classification criteria are not met.

Symptoms/effects after skin contact : Contact during a long period may cause light irritation.

Symptoms/effects after eye contact : May cause slight irritation.

Symptoms/effects after ingestion : No specific information available.

## SECTION 12: Ecological information

### 12.1. Toxicity

| Disodium Laureth Sulfosuccinate (68815-56-5) |                                    |
|--|------------------------------------|
| LC50 fish 1                                  | > 100 mg/l 96 hour (Fish)          |
| EC50 other aquatic organisms 1               | > 100 mg/l 48 hour (Invertebrates) |
| EC50 other aquatic organisms 2               | > 100 mg/l 96 hour (Algae)         |
| NOEC (chronic)                               | > 1 mg/l 21 Day (Fish)             |

### 12.2. Persistence and degradability

No additional information available.

### 12.3. Bioaccumulative potential

No additional information available.

### 12.4. Other adverse effects

Other information : Avoid release to the environment.

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

Product/Packaging disposal recommendations : Dispose of contents/container in accordance with Local, State, and Federal regulations.

Ecology - waste materials : Avoid release to the environment.

## SECTION 14: Transport information

# Revive Plus

## Safety Data Sheet

### 14.1. UN Number

UN-No.(DOT) : Not Regulated  
Other information : No supplementary information available.

### 14.2. UN proper shipping name

Proper Shipping Name (DOT) : Not Regulated

## SECTION 15: Regulatory information

### 15.1. US Federal regulations

All components of this product are present and listed as Active on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory, except for:

|                                   |                      |          |
|-----------------------------------|----------------------|----------|
| 1-octanesulfonic acid sodium salt | CAS-No. 5324-84-5    | < 1%     |
| Polymers                          | CAS-No. trade secret | 25 - 30% |
| Disodium Laureth Sulfosuccinate   | CAS-No. 68815-56-5   | 1 - 5%   |
| Carboxylic Acid Salts             | CAS-No. Trade Secret | 0.1 - 1% |
| Ethoxylated Fatty Alcohol         | CAS-No. Trade Secret | < 1%     |

This product or mixture is not known to contain a toxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 CFR §372.38(a) subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

### 15.2. International regulations

#### CANADA

#### EU-Regulations

No additional information available.

#### Classification according to Regulation (EC) No. 1272/2008 [CLP]

#### Classification according to Directive 67/548/EEC [DSD] or 1999/45/EC [DPD]

Not classified

#### 15.2.2. National regulations

### 15.3. US State regulations

California Proposition 65 - This product does not contain any substances known to the state of California to cause cancer, developmental and/or reproductive harm.

## SECTION 16: Other information

Abbreviations Legend:

|      |                               |
|------|-------------------------------|
| H315 | Causes skin irritation        |
| H319 | Causes serious eye irritation |
| H320 | Causes eye irritation         |
| H402 | Harmful to aquatic life       |

NFPA health hazard : 1 - Materials that, under emergency conditions, can cause significant irritation.  
NFPA fire hazard : 0 - Materials that will not burn under typical fire conditions, including intrinsically noncombustible materials such as concrete, stone, and sand.  
NFPA reactivity : 0 - Material that in themselves are normally stable, even under fire conditions.
